

Product Information

Streamer S600

The blast machine **Streamer S600** from Impacts is a very compact and powerful machine to work on medium to bigger horizontal surfaces.

Special features:

- New developed „**Side-Force**“ Lining system with improved ware resistance
- Strong drive motor with integrated brake
- Optimized weight
- Height adjustable drive handle with integrated handling instruments for the drive.

In order to reach the optimal blasting capacity, it is recommended to use the **Streamers S600** together with the IMPACTS dust collector **Dustcom 4025**.
